28. May be with time some change about practical use of technology can be included.

32. Programme was perfect had a great learning experience.

37. There is always room for improvement.

38. Yes, if some open house group discussion can take place with participants of one high court jurisdiction but with Hon'ble judges from another high courts.

40. Yes, there is scope for further modulation.

41. Till date running to the expectation.

46. Programme needs to be practically implemented in time bound manner.

48. Scope for improvement on time management its adherence.

49. Must be made more practical oriented.

50. It was perfectly arranged.

69. Timings and schedule already fixed to be followed in strict sense so no inconvenience is caused to any participating officers.

71. Overall the programme is good and informative.

72. Sessions were very effective, informative & knowledgeable.

75. Duration of lecture should be short and there must be participation of each participant.

80. A little more time can be invested. The capsule courses are intensive in a very short period.

81. One or two sessions can be dedicated to the need of reducing pendency and delivering justice.

82. Need to give more participation to the delegates.

83. It is good organized programme.

85. The programme may be more effective if it is spread over more days and interactive sessions be extended.

87. It would be of greater value if it is spread to more days.

88. Programme in up to mark.

89. Sharing the written material of the lectures, prior to the programme, could help in better way.

	96. Programme was very good.
	98. Change is always needed. So, it can be change to make it more effective & useful.
	99. A humble submission that there needs to be an exclusive session for discuss the peculiar issues being faced by officers, to make the conference/training practically more useful.
	102. Duration of the programme be increased.
	104. If considered, the conferences should be state wise only so that all the problems of state could be dealt with and all the stake holder be invited.
	107. Yes, Bit more practical for subordinate judiciary.
	108. Yes, More practical problems have to be invited before organizing such kinds of seminar etc. in order resolve real problems of subordinate judiciary.
	110. Need to be more focus on digital courts & also communicate to concerned state Govt. to provide proper infra & Hardware.
	117. The programme is very well organized and managed. No change is required.
	122. This programme is very useful.
4. Kindly make any suggestions you may have on how NJA may serve you better and make its programmes more effective	6. It is suggested that more time for the session one required to be address to.
	7. Technology is ever changing and we are making thing simpler so more programme on technology innovative to make thing simpler.
	8. Artificial intelligence.
	10. NJA under Director Justice A P Sahi is doing a dynamic work.
	11. It was perfect.
	13. Frequency be increased.
	20. It should be a three days programmes out of which one day should be reserved for cultural tour.
	21. Programmes were already effective.
	22. My suggestion is that there should be mixing of inter region of judicial officers. Judicial officers from north should be allowed vice versa to increase the exchange of better practices and adaptation of new techniques in each of such regions
	24. NJA can also organized regional conference of south were officers of North can be invited. In all four region of India like South North East and West conferences can be held were officers from all other region can be invited, not only it will expend the vision of an individual officers but will also came to know about difficulties faced region voice and in ruler areas.
	25. The programme has been very well organized, some more topic could be added and one more day can be added.
	27. Reading material in digital form can be send before the start the conference.
	28. Practical use of technology can be incorporated.
	30. Options to bring along spouses should have been notified.
	32. Please do call again for further knowledge and enlightenment.
	35. I request the NJA to stress in the programme of digitalization.
	37. Judicial Academy (NJA on) can help update our knowledge of law by introducing more case studies in the programmes.
	39. Programme on dealing with electronic evidence. More and more such events.

	40. Such programme should organized conducted by the judicial conferences for the State also.
	41. More and more jurists be invited as resource persons to achieve the goal.
	44. More organizing training programmes.
	45. More time should be given and such programmes should be held be presently.
	46. More training programme need to be conducted for better serving.
	47. More such programmes shall be organized.
	48. Prior communication of entire programme to participants
	49. To have more and more such programmes. And to focus on time management.
	50. The regional conferences can be extended for three days so that the deliberations can be more comprehensive.
	51. Resource persons for technical session for IT/AI can be form the concerned fields.
	55. This programme should be for a week.
	62. If course material can be provided in advance, it will be useful.
	64. Time/days of training should be increase.
	72. Everything is perfectly managed.
	73. Programmes are already optimally curated and user friendly.
	74. Delegates participation can be increased. Group discussion can be introduced. Material may be supplied in advance (on line).
	75. There must be a programme when new legislation is enacted and major arrangements are made in existing enactment & with comparative study.
	76. Lodging & boarding & food arrangements for drivers.
	79. There is no arrangement of food and boarding of drivers. So, kindly make arrangements for drivers.
	80. Excellent work is already being done.
	81. NJA has been making excellent programmes for sensitizing judges to make the justice delivery system better.
	82. The training programme should be for longer period. At least 5 days.
	83. In my opinion, number of participants should not be more than 50-60. It will result in more & effective discussions.
	84. Good arrangement.
	85. The programmes be structured in such a way that all the participants interact more.
	86. Resource person well conversant with the subjects.
	87. Group discussions be included in the programme.
	88. The training/course programme should be of at least one week.
	89. Length of the programme may be further extended to 3 or 4 days.
	90. Such programmes may be organized at regular intervals.
	91. More programme be held on court management & reduction of pendency.
	92. Instead of PPTs, or lecture, the topic may be explained through skit or play.

	93. Reading material can be sent in advance through e-mail to participants and general problems being faced can be sought in advance.
	94. NJA may organize such programmes at regular intervals.
	95. Programme be organized at regular intervals.
	96. Suggestions everything was good.
	98. NJA must arrange training programmes for all judicial officers of all states. So, that officers of all states may exchange their views & get experience of other officer to get knowledge of them states & case types. There are so many officers across the state of country, who have never been called/invited to attend training programmes at NJA. Only some lucky officers are given opportunity again & again to visit NJA. This not fair so, it must be ensured that all judicial officers can visit NJA time to time may it be on the cost of officer. In my about 17 years carrier of judicial service from civil judge junior division up to ADJ for five years, I have never been given opportunity to visit NJA in any cadre & on other side my collogue have been given opportunity for two tenure some of & the, even three times some of.
	99. 1. Officers may be required to prepare a brief note in the key take away from the conference. One more day may be devoted for the conference solely dedicated to discussions with the participants.
	101. By making problem & solution based programme and having practical approach in subject matter.
	102. By communicating every details/ itinerary of programme in advance.
	104. Some sessions of procedural aspect of law and its working may also be addressed.
	105. By farming its learning app and guidance in problems faced by judicial officers.
	106. There should be more practical application.
	107. Practical session useful for working in lower judiciary on practical problems should be held.
	108. Some more practical problem should be invited from the judicial officer from all over the country, categories through 2nd day training at least should be done.
	110. NJA is trying to do best in direction of Hon'ble Director.
	111. Next programme is one week.
	112. To extend days of conference.
	116. The programme is good and effective.
	120. Conferences of NJA may be organized at places where train and aeroplane convenience are available.
	122. It is suggested that may be time extended by three days.
	123. It is suggested that the time schedule may be extended for three days.
