

# COMPUTERISATION OF CALCUTTA HIGH COURT

# Computerisation of Calcutta High Court

## Introduction

The Calcutta High Court in association with National Informatics Centre (NIC) started its work of computerisation in the year 1995. Computerisation Project started with a single Pentium and few dumb terminals which have now grown manifold in terms of infrastructure as application implementation. The infrastructural facilities as well as the application software have been modified and are being upgraded periodically to introduce the latest state of art and to cope with the requirements. Special emphasis was also given for the benefit of lawyers and general litigants.

# Computerisation of Calcutta High Court

## *The aims and objectives of computerisation:*

*"The Calcutta High Court is the oldest High Court in India. It was established on 1st July, 1862 under the High Court's Act, 1861. It has jurisdiction over the state of West Bengal and the Union Territory of the Andaman and Nicobar Islands. The High Court building was designed by Mr. Walter Granville, Government Architect, on the model of the 'Stadt-Haus' or Cloth Hall at Ypres in Belgium.*

*The seat of the High Court is Kolkata, capital of West Bengal. It also has a permanent Circuit Bench in Port Blair, the capital of the Andaman and Nicobar Islands. The court has a sanctioned judge strength of 58."*
