	VIII. GENERAL SUGGESTIONS				
1.	Three most important learning achievements of this Programme	 Use of IT and AI budgeting identifying bottlenecks. I. Motivated to a great extent to use technology for efficiency; 2. Technology became clearer to enable a person to adapt to technology; 3. The idea to have a mandatory budget committee in all the high courts, which is to be made a national policy. I. The need for a rethink on the role of technology to aid the judicial process; 2. How modern practices can be used to enhance efficiency; 3. Need for updation of skills to keep up with changing times. 			
2.	Which part of the Programme did you find most useful and why	 Identifying bottlenecks. The inputs, I got from the resources persons, will help me to improve my output. All sessions had something to contribute to my improvement in its own way; The resource persons were impressive and they have delivered their speeches with clarity and precision in a thought provoking way. The interactive session were very useful service problem faced in real time are very relevant when we study issues of practical appreciation. 			
3.	Which part of the Programme did you find least useful and why	 None. None. Details in <i>Session 4:</i> Budget Preparation & Fiscal Management: Opportunities for Improving Court Efficiencies. The topic was too wide for the time provided and we basically had to agree to disagree with the two resource persons. 			
4.	Kindly make any suggestions you may have on how NJA may serve you better and make its programmes more effective	 I wish, study materials are forwarded 1 or 10 days ahead for the participants to go through it may be more participative. After session, NJA may forward the nutshell of discussions and deliberations to all high courts in order to discuss the same with the judges and the appropriate committees for implementation so as to have the advantage of the evaluations made by the judges who participated in the conference; If the deliberations in the conference has got any national relevance, it may be forwarded to the Hon'ble Supreme Court with a proposal for implementation of the same to have a national road map for the judiciary. The presentation could be made more interesting; The presentations should also be mailed to the participants in real time or immediately after.
