VIII. GENERAL SUGGESTIONS

<p>1. Three most important learning achievements of this Programme</p>	<p>1. 1. Recent development in cybercrime; 2. Scenario of cybercrime in United States and European union; 3. The cross-border the jurisdiction of the cybercrime's.</p> <p>2. 1. Got conversant with the technical aspects of cyber-crimes; 2. Got a good exposure to the international methods, norms and pattern of jurisdiction; 3. Knowing about the challenges in this area in order to get an idea for moving forward.</p> <p>3. Informative, right inputs on the subject. The technical side was excellent.</p>
<p>2. Which part of the Programme did you find most useful and why</p>	<p>1. All the parts were useful.</p> <p>2. I felt Session 3: Territoriality and Jurisdictional Issues in Cyber Crimes- was most useful and interesting because of the clarity we get with regard to the frequently confused jurisdiction of the courts, especially when the offences are transnational/International.</p> <p>3. I found the cyber experts experienced in legal matters very useful. The lawyers and coordinators were also good.</p>
<p>3. Does the programme need further modulations or change</p>	<p>1. It would be better if they will be more interaction between the judges.</p> <p>2. Planned appropriately. Would be more interesting if practical sessions are included for demonstration and hands on.</p> <p>3. Less legal academics and more lawyers and experts in practice of law and cyber matters in desirable.</p>
<p>4. Kindly make any suggestions you may have on how NJA may serve you better and make its programmes more effective</p>	<p>1. The participating judges should be encouraged to share their experiences.</p> <p>2. By adding sessions for practical demonstration and hands-on wherever needed.</p> <p>3. None.</p>
