Focus

Judicial function, Judicial Administration and Administration

Plans

Process re-engineering for complete automation

Approach

Study being undertaken by the Kerala University of Digital Sciences, Innovation and Technology (Digital University of Kerala)

IT Directorate- Building an ecosystem for multi stakeholder

Dedicated entity for judiciary

- Judiciary
- Advocate General office
- CGC Office
- Prosecuting agency and all other entities and institutions
- Government Departments and Organizations

Why a dedicated entity ?

Judicial function is interlinked with the function of many other stakeholders

Roadblocks

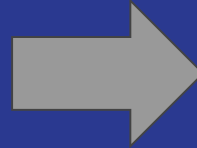

Independence of Judiciary & Policy Clearance

Role of Independent Entity

- Research & Development, maintenance and training
- Security audit, data protection & management

Short Term Goals -User perspective

All in one platform(Judicial
and Administrative)

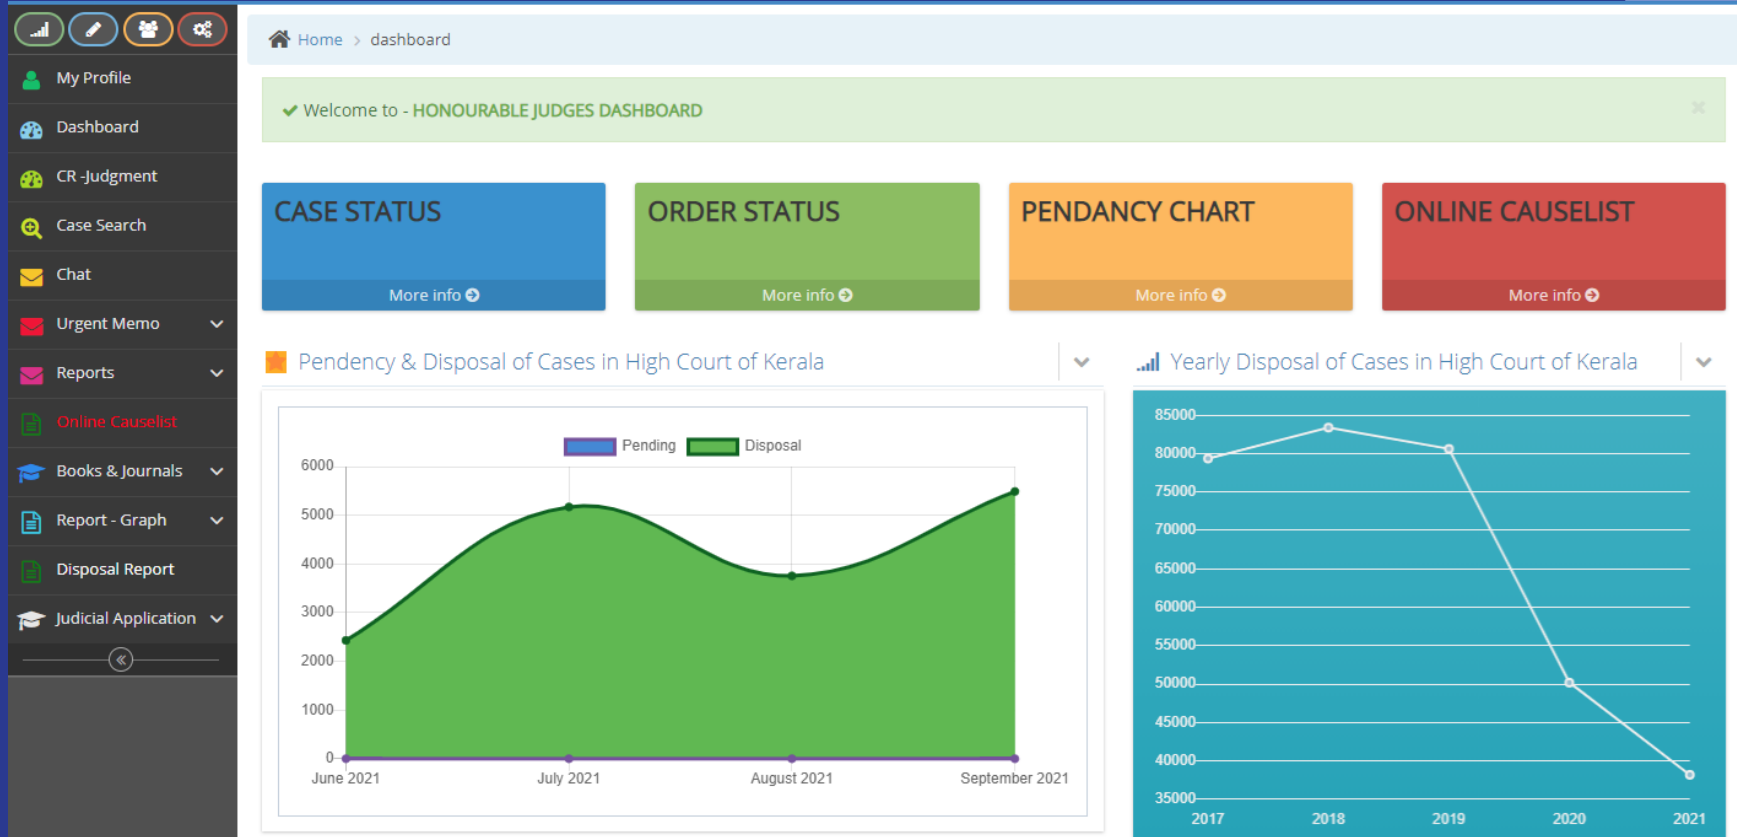

Dashboard for
Chief Justice, Judges
Employees, Advocate,
Party in Person, AG Office
CGC Office, Government
Organizations, Standing
council, etc

Inclusive Access to Justice

- Hybrid Model Court Hearing
- Connecting Mainstream Judiciary through Technology
- Access from Remote Locations
- Removing Barriers to Access to Justice due to Geographical Location
