VIII. GENERAL SUGGESTIONS				
1. Three most important learning achievements of this Programme	1. After the programme I have learned that- 1. Alternative dispute redressal system in India; 2. How to write good judgement; 3. How to maintain judges conduct inside and outside of the court. 2. 1. Forensic evidence in civil and criminal trials; DNA profiling; 2. Electronic evidence (New horizons, Collection, Preservation and Appreciation.); 3. ICT and E-Judiciary (Indian perspective); 4. Elements of Judicial behaviours (Ethics, Neutrality and professionalism).			

	<p>3. 1. Some insight as to the life of a judge that lies ahead for us; 2. The discussion on judgement writing with the articles provided and suggested were immensely helpful; 3. Gained insight on more innovative ways of using evidence.</p> <p>4. Extremely useful information about Indian legal system and judicial, need for further research on the Indian legal system and decided cases of my interest and works; An intensified exposure to the relevant areas of judging and the standard of work and professionalism of the judges; As the judges in Maldives has discretion to apply cases of the democratic and developed societies such as India, this programme has connected me to the judicial system of India.</p>
<p>2. Which part of the Programme did you find most useful and why</p>	<p>1. Lecture part. Because it gives lot of new information to the participants.</p> <p>2. All the sessions are very important and useful for me, but the evidence part are most useful.</p> <p>3. <i>Session 1: Indian Judiciary: Organizational Structure, Jurisdiction and Approaches; Session 2: Goals, Role and Mission of Courts: Constitutional Vision of Justice; Session 3: Elements of Judicial Behaviour: Ethics, Neutrality and Professionalism; Session 4: Judging Skills : Art, Craft and Science of Drafting Judgments; Session 5: Judge the Master of the Court : Court Management & Case Management and Session 6: ICT and E-Judiciary: Indian Perspective</i>-were very helpful. As someone having come to the bench recently, it was very good to hear the experience of the esteemed justices and gain knowledge from anecdotes shared with us.</p> <p>4. The resource persons were very eager to explain when we had doubts; Justice Sahi was there to guide the participants and resource persons and filling up any possible shortcomings always. I wish I could attend one of his presentation or lectures; Case management, Evidence, and Ethics (Professionalism and judgement writing sessions were very useful).</p>
<p>3. Does the programme need further modulations or change</p>	<p>1. I think it is very important to set the programme only on working days. If I looked at the last programme the final day is Maldives national day which is the public holiday. Due to that attendance was less compare to other days.</p> <p>2. None.</p> <p>3. All parts of the programme that I attended were well organized for a virtually conducted programme. I found it to be good.</p> <p>4. This programme satisfied the expectation; I guess a complete and a comprehensive lecture on the Indian legal system, structure and functions at the beginning of the session would be very useful.</p>
<p>4. Kindly make any suggestions you may have on how NJA may serve you better and make its programmes more effective</p>	<p>1. It will be more effective if the programme will be conducted physically.</p> <p>2. The programme was good for a virtual one. Very well organized and Justice Sahi was very helpful and creative in drawing people out. If this was in person, it would have gone so much better.</p> <p>3. NJA can make specialized session for different aspects such as family matters, commercial law and criminal law, administrative and constitutional laws. To this happen, policy decisions would be needed from judiciary of Maldives.</p>
